# PATINES / PATINAS

Nos collections sont disponibles dans différentes finitions et patines, catégorisées en 3 groupes: A - B - Finition spéciale (de nombreuses autres sur demande).

Nos traitements de surface sont réalisés de manière artisanale, de légères variations de nuances sont donc possibles et ne constituent pas un défaut.

Our collections are available in different finishes and patinas divided into 3 categories: A - B - Special finish (and many more on request).

Our surface treatments are carried out by hand, so slight variations in shade are possible and do not constitute a defect.
